Commercial sheet metal shop: enhanced capabilities coming soon

Since 2014 F.W. Webb has been offering commercial fabrication services in its "Duct Works" sheet metal shop. Situated in Haverhill, MA, the fab shop is powered by the most sophisticated production machinery and technology available. F.W. Webb fabricates high-quality commercial and industrial ductwork in a variety of shapes, sizes, and metals to meet your exact needs and specifications.

In our ongoing effort to meet your requirements and the growing demand for custom work, F.W. Webb recently added additional staff and expertise. And coming later this year, F.W. Webb will begin operation of additional machinery to manufacture spiral fittings.

Count on F.W. Webb to meet all your custom ductwork project needs.

TRIO boilers: the contractor's choice

CAST IRON BOILERS

Did you know that our TRIO cast iron boilers are a leading line for many residential and commercial contractors? With its highly efficient three-pass, low-mass design, TRIO delivers consistent heat while using significantly less fuel. Since first launching

11 years ago, over 20,000 units have been manufactured for distribution in the Northeast!

Visit the TRIO boiler website for an educational video, downloadable brochures, spec sheets, installation manuals and links to information on state rebates. At trioboiler.com, you'll learn why TRIO offers the best value on the market today.

TRIO boilers are offered exclusively through F.W. Webb. One of our dedicated heating specialists would welcome the opportunity to tell you more.
