## COOL-FIT® ABS Plus Fitting Connections

In our continual improvement and development of the COOL-FIT ABS products, we are changing 9 fittings in our COOL-FIT ABS Plus product offering. We are unifying our fittings to all have  $d \times di$  joining connections. As these changes are phased in, we will have a mix of fittings offered with the  $di \times di$  and  $d \times di$  connections. We will try to ship all fittings in the same order with the same connections as much as possible; however, there will be times where this is not possible and we apologize in advance for the inconvenience.

The changes are listed below with the "Old" and "New" part numbers. Our printed price list dated July 1, 2011, was created with these changes in mind and already includes the new version fittings. We've been working through our inventory of  $di$  fittings and now are beginning to ship the new  $d$  fittings.

### COOL-FIT ABS Plus Tees

old version ( $di$ ) Part #		new version ( $d$ ) Part #		Description	Dimension [mm]
738201107		738201007		90° tee pre-insulated ABS metric	d25/90
738201108		738201008			d32/90
738201109		738201009			d40/110
738201110		738201010			d50/110

### COOL-FIT ABS Plus Reducer Tees

old version ( $di$ ) Part #	new version ( $d$ ) Part #	Description	Dimension [mm]
738201138	738201038	90° tee reduced pre-insulated ABS metric	d32/90-25/90
738201147	738201047		d40/110-32/90
738201151	738201051		d40/110-25/90
738201164	738201064		d50/110-32/90
738201192	738201092		d50/110-25/90

See the next page for an overview of which fittings are available with which connections.

## COOL-FIT Fittings: range overview and connection type on fitting

Dimension ABS-PUR d-D	Bend 90° 	Elbow 90°	Elbow 45° 	Tee 90° 	Tee 90°, reduced 		Tee 45°
