## Reminder Signet 5600 Batch Controller Retirement

This announcement is a follow-up to NEWS issue 8/13 dated March 20, 2013, to remind you that the Signet 5600 Batch Controller will be officially retired on September 5, 2013. The last day to place your order will be September 5, 2013, or while supplies last. Longer lead times may occur for larger orders.

### 5600 Batch Controller Replacement

To provide our customers with a direct replacement, we recommend the SmartPro™ 9900-1BC Batch Controller System which offers several new additional features. Click the link below for more information.

<http://www.us.piping.georgfischer.com/go/A5C07C99199943D441EAC9B631A1AC61/>

### Warranty Return Plan

All 5600 Batch Controllers purchased on or before September 5 will be fully supported by our 2-year warranty. We will continue to fully support product repairs for non-warranty items and repairs for up to 2 years from stated retirement date.

### Restocking

Any unsold 5600 Batch Controllers returned for credit or replacement will not be accepted.

### Other Available ProPoint Instruments

Signet continues to offer the 5090 Sensor Powered Flow Monitor for simple flow rate monitoring.

If you have any questions or need additional information, please contact your ASM or Inside Sales.
