Indoor Air Quality Solutions for Whole-Home Comfort

An imbalance in humidity, improper ventilation and contaminants like dust and mold spores due to poor indoor air quality (IAQ) can have a big impact on the health of families and their belongings. It can lead to heightened allergies, dry skin and squeaky floors. Plus, tighter construction in today’s housing market is also having an effect on IAQ. Houses are being built more tightly to be more energy efficient, but this can cause fresh air to be sealed out, air pollutants to build up inside, etc.

F.W. Webb offers air cleaning, dehumidification, humidification and ventilation solutions from leading brands such as Honeywell, General Aire, Fields Controls, RGF and NU-Calgon. Thermostats and controls that are compatible with IAQ equipment and feature smart, WIFI-enabled technology are also available for easy management from the touch of a button.

IAQ issues can be difficult for homeowners to identify and solve on their own. Our extensive offerings can give you an opportunity to educate them on IAQ challenges and fixes for improved comfort and energy efficiency. Plus, you’ll enjoy expanded business opportunities beyond heating and cooling.

Diversitech Heat Pump Pad
HP3636-8, High Risers
Polypropylene, 36"L x 36"W x 8"H
testing simple and fast

Honeywell Replacement
Air Cleaner Filters
for Honeywell Media Air Cleaners

US Motors 5460 RESCUE® Direct Drive Reversible Blower Motor
Permanent Split Capacitor
- Diameter: 5-5/8"
- HP: 1/2-1/6
- Volts: 115
- F/L Amps: 7.3
- RPM: 1075

Quick Heat Pump Stand,
QSTD3000
- 500 lb. Maximum Capacity
- 14-Gauge Square Tubing
- Adjustable Length to 48"
- Adjustable Width to 38"
- 18" Fixed Height

US Motors ECS411E RESCUE® ECM Refrigeration Motor
- High Efficiency
- 115/230V
- 4-25WHP
- 1550 RPM
- 51 Frame

Panasonic FV-04VE1
WhisperComfort 40 CFM
0.8 Sone Ceiling
Mounted Spot Energy Recovery Ventilator with Balanced Ventilation 120V

Supco SM670 Refrigeration Utility Motor Kit
- 120V
- 1" Stack
- 3000 RPM CW/CCW

UV-Aire UV-500C Portable Air Purification System
Field Controls UV-500C portable room air purifier provides concentrated UV power in bedrooms, living rooms, and offices where it’s needed most. Recommended for rooms up to 500 square feet. This portable air purifier features a UV germicidal light and carbon filter for high efficiency filtration.
