## New High-Efficiency Boilers from Ideal

We are excited to announce that we are the exclusive distributor in the U.S. of the Ideal line of boilers. Ideal is one of the largest boiler manufacturers in Europe. As part of this new partnership, they have developed a unique range of high-efficiency condensing boilers specifically for North America.

The portfolio includes the Exalt and Gallant, which are available in a range of sizes. Both have an industry-leading warranty program with up to six-years parts, three-years labor and 12-years on the heat exchanger.\* They are 95 percent efficient and include an inhibitor to preserve the water quality in the heat exchanger.

Ideal produces over 400,000 boilers per year from their factories in Europe. They are known for their rigorous manufacturing process, which ensures that a

product receives over 200 quality checks before leaving the factory. Each boiler is made from the highest-quality material and sourced from top-of-the-line suppliers.

"We are excited to offer you boilers that are known for such high quality manufacturing, low failure rates, and extensive testing," said Mike DelConte, Director of Heating Sales, F.W. Webb. "It is pretty impressive that they're also backed by an industry leading warranty."

For more information visit [idealusa.com](http://idealusa.com).

\*This Elite level warranty is offered with registration of the boiler, a submitted combustion analysis and hydronic system treatment. See full warranty details at [idealusa.com](http://idealusa.com).

## New Trips Announced

Earn points in 2020 to travel in 2021!

Choose one of the two trips

### 7 Days/6 Nights in Los Cabos

Paradise Los Cabos • San Jose del Cabo, Mexico  
All Inclusive • February 9-15, 2021

### 5 Days/4 Nights In Cancun

Haven Riviera Cancun • Cancun, Mexico  
All Inclusive • April 10-14, 2021 or April 14-18, 2021

**Trip registration must be completed by February 29, 2020.**

Enrollment will end early if trip maximum is reached.

Or Choose Catalog Rewards

Once you reach 25,000 points, redeem points anytime and choose from hundreds of options in the online catalog.

## PurePro® Condensate Neutralizer Pump

The condensate produced by gas-fired condensing boilers, furnaces and tankless heaters is acidic and has the potential to harm the environment and the sewer system. The Condensate Neutralizer Pump from PurePro is ideal for installations that require both condensate removal and neutralization.

- 1.9 Gal./hr.
- 500,000 BTU
- 20 ft. lift, high performance pump

#681739	PROPP-PUMP	Condensate Neutralization Tank with Pump - 500K BTU
#681740	PROPP-PUMPRK	Replacement Neutralization Media for PROPP-PUMP
#689667	PROR-PUMP	Replacement Pump

## PurePro Condensate Neutralizers PROPP40-KIT, PROPP40, PROPP100

*For use with boilers, furnaces and tankless water heaters*

The PurePro condensate neutralizers raise the pH of the condensate to a more neutral level before being discharged to drain. Operating efficiencies 93%.

#681744	PROPP40-KIT	1.6 Gal./hr. 400,000 BTU/hr. + Kit
#681743	PROPP40	1.6 Gal./hr. 400,000 BTU/hr.
#681741	PROPP100	4.0 Gal./hr. 1,000,000 BTU/hr.
#475942	PROPP40-RK	400,000 Media Refill
#681742	PROPP100RK	1,000,000 Media Refill
#696879	PROPP3.5GAL	3.5 Gallon Bucket Media Refill

PROPP-PUMP

PROPP3.5GAL

New

## Caleffi SEP-4TM

- Multifunction (4-in-1) Hydraulic separator
- 5495 Series

#400115 CLF548006A

## Navien NPN Series Water Heater

*The new Navien NPN series is the first and only non-condensing tankless water heater series that offers a durable stainless-steel heat exchanger and a patented stainless-steel burner design*

#757317 NAVNPN199UNG

## Toto Drake Toilet

- **Dynamax Tornado Flush®** Utilizes 360° cleaning power to reach every part of the bowl
- **Cefiontect®** ceramic glaze prevents debris and mold from sticking to ceramic surfaces
- Design of the bowl reduces water flow resistance resulting in a quieter flushing sound

#743436 TTCST746CEMFG01  
Drake Toilet 2PC Cotton Elongated Dual ADA  
Cefiontect 12 Inch Rough 1.28/0.8GPF

## American Standard Spectra Plus Etouch

- Change sprays by touching the outer ring of the shower-head or remote. Adjustments can be made from Drench to Sensitive to Jet to Massage.
- Permanent built-in compensating flow control device.
- 2.5 gpm/9.5 L/min. maximum flow rate.

#621596 A/S9035474.002 Polished Chrome

## MC1+ Hydronic Heating Protector MC3+ Hydronic Heating Cleaner

- Clean and protect your hydronic heating system with best practice treatment formulas
- One bottle treats up to 33 gallons

#737397 ADYMC1 MC1+

#737399 ADYMC3 MC3+

## MC1+ Rapide Heating System Protector MC3+ Rapide Heating System Cleaner

- A faster, stronger and easier way to dose with Rapide
- Dose system in just 20 seconds

#737398 ADYMC1RAPIDE MC1+/Quick Dose

#737400 ADYMC3RAPIDE MC3+/Quick Dose

## Propane Gas Division Training Classes

*Schedule training at your location or an F.W. Webb location.*

Training lasts from 1 hour to 4 hours depending on the class.

### Some of the classes available:

**Technical Sales Training:** UG plastic pipe and Continental/Lyall fittings, Continental stab fitting certification, Trac-Pipe certification

Monitor and Regulator display/demo theory and installation practices

**Fireplaces and Hearth Products:** Log sets, Fireplace Inserts, Free Standing Stoves

**Gas Basics:** All day class for those new to the industry

- 1) Sizing tanks, regulators and gas lines
- 2) Service basics: troubleshooting with multi-meter and manometer
- 3) Tank preparation and installation

Cathodic testing

Generac Power for Profits Generator Training

Pump station design and troubleshooting with Corken pump repair

Regulator selection, installation and troubleshooting with demo boards

LP transfer with Krug compressor and Venturi-evac

*Please note a 30 day notice is required to schedule training dates.*

**To find the full list of classes available or to schedule a training class contact: 1-866-999-1075**
