PurePro TL-Pro tankless water heater

F.W. Webb continues to expand PurePro line

Established in 2004 by F.W. Webb, the PurePro® brand family now includes over **1,000 products** carefully selected for the plumbing, heating and cooling trades. From boilers, controls, and water heaters to faucets, water filtration and degreasers, our extensive offering continues to grow. Earlier this year F.W. Webb introduced the **PurePro TL-Pro tankless water heater**. These high-efficiency units are designed to meet the needs of both residential and commercial properties and are available in both condensing and non-condensing models for propane or natural gas. New this summer, you'll find boiler installation trim kits with press fittings (1" model PROPPBTK-1DLXPR, 1-1/4" model PROPPBTK-114DLXPR), and a new value-priced, 7-day programmable thermostat (model PRODP711U). Every product that bears the PurePro label is an unbeatable combination of quality, value, function, and warranty. And, of course, each is backed 100% by F.W. Webb. Learn more at fwwebb.com/purepro.

**BEST OF
BOSTON
2018**
AWARDED BY BOSTON MAGAZINE

Showroom named Best of Boston

The Frank Webb Home showroom in South Boston has been named "**Best Bath Supply**" by *Boston magazine* in the annual Best of Boston® issue. The magazine's editorial team spends countless hours of research to compile the much awaited list that reflects the very best of what Boston has to offer. F.W. Webb operates 41 showrooms across the Northeast so you don't need to be in Boston to see why Frank Webb Home has been given this prestigious award. Plumbing contractors and your residential customers can conveniently find a location near you. Our experienced consultants are ready to work with you to help select the latest bath, kitchen and lighting products for your next project. Find a location at frankwebb.com.
