

Meet IntelliSync.

Deriva's Smart Thermostat.

Temperature control and energy cost savings.

IntelliSync™ is loaded with useful features that make it a category winner.

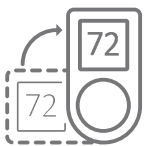

WiFi enabled.

Easy to adjust and control remotely through a wireless device. (may also be controlled manually).

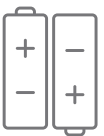

Radius™/geofencing.

Available as a free app, the geofencing feature automatically adjusts the temperature based on entering or leaving a custom set radius – achieving maximum energy savings and total comfort.

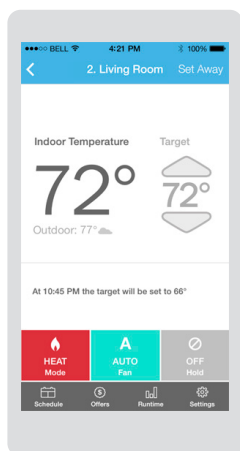

Dual mount option.

Fits all applications, horizontal and vertical.

Three power options.

May be system-powered or run without a c-wire using a lithium battery or micro USB.

Rebates available.
