Guaranteed Rebate

When you send your client to Frank Webb Home, you are guaranteed a 10% rebate on their entire purchase. This applies to purchases made at showroom retail price only. Your rebate will be credited to your account for future purchases. It's that simple.

Wide Selection of Products

At Frank Webb Home, we offer a large selection of the latest trends in bath design, kitchen fixtures and beautiful lighting solutions, which are displayed in lifestyle settings. We have bathroom vanities, freestanding bathtubs, kitchen sinks and faucets from the industry's top brands. Our knowledgeable showroom consultants can guide your client in complete product selection, down to the fine details such as fixtures and lighting.

Working Displays

Our working displays take the typical showroom experience to another level, allowing your clients to fully understand and appreciate how water is delivered through kitchen faucets and showerheads. This firsthand interaction provides valuable information about water pressure, spray patterns and more, which cannot be understood through a website, catalog, or conventional retailer.

Complementary Resources and Expertise

We understand the process of building and remodeling and will assist in making sure products are appropriate for the project and fit your client's budget. A detailed specification book is provided with every purchase featuring installation guides and dimensions so you'll know exactly what products will be going into the space. Plus, we can manage the order and collect the payment, eliminating credit card fees and time-consuming paperwork. We'll also coordinate delivery to ensure you have the products on-time. We make it easy for you with no up-front costs.
